## Descanso Gardens to Provide La Cañada Flintridge Residents with Free Mulch

Every water-wise gardener knows that mulch is the key to retaining water in the landscape and preventing weeds. Descanso Gardens will host a free mulch giveaway for La Cañada Flintridge residents from 7:30 a.m. to 10 a.m. on Saturday, Sept. 22, in the Auxiliary Parking Lot. The free mulch will also be available to Descanso Gardens members from other communities.

Descanso staff will be on hand to answer how-to questions about mulching. Participants should bring their own containers to tote mulch away (maximum of three containers). Mulch supply is limited and available on a first-come, first-served basis.

Founded as a public garden in 1953, Descanso Gardens is a member-supported garden accredited by the American Alliance of Museums.
